The most comprehensive way to master Adobe Illustrator CS3.

Flash CS3 is the premier tool for creating web animations and interactive web sites, can be intimidating to learn. This entertaining reference tutorial provides a reader-friendly animation primer and a guided tour of all the program's tools and capabilities. Beginners will learn to use the software in no time, and experienced users will quickly take their skills to the next level. The book gives Flash users of all levels hands-on instructions to help them master: Special effects Morphing Adding audio and video Introducing interactivity And much more With Flash CS3: The Missing Manual you'll be able to turn an idea into a Flash animation, tutorial, or movie. This book will help you create online tutorials, training materials and full-blown presentations. It also teaches design principles throughout and helps you avoid elements that can distract or annoy an audience. This is the first new release of Flash since Adobe bought Macromedia, which means that it's the first version that will integrate easily with other Adobe products. It's a whole new ballgame when it comes to Flash, and Flash CS3: The Missing Manual offers you complete and objective coverage. It's the perfect companion to this powerful software.

Frustrated by the overwhelming nature of Flash? Want to get up to speed with the program fast so you can concentrate on your animation? Need to solve problems quickly to get work done to time and to budget? Then 'How to Cheat in Flash' is for you! This book is different from the rest because it shows you, step by step, how to work from the problem to the solution when creating Flash animations, from the viewpoint of an animator who has been commissioned to create a job and is working to a deadline. It is task orientated; every example shows real life commercial work. So, it's not so much a case of 'what does this filter/tool/opton do?', as 'this is the task I've been set - how do I achieve it?' The solution may involve a variety of tools and techniques; it may take many steps to complete, or only a few. The free CD-Rom includes all the files you need to put your skills into practice as you read, and much more! It's an accessible (conversational in style), practical book and CD package which also provides artistic inspiration, a goldmine of timesaving practical tips, tricks and step-by-step worktroughs. You will wonder how you survived without it.
