Twelve concise, student-friendly chapters supply sufficient details to build upon for future careers in taxation and consulting while avoiding the minutiae rarely seen in everyday practice. The new tenth edition covers basic taxation of individuals, corporations, S corporations, partnerships, and fiduciary entities. An emphasis on tax planning helps students understand the effect taxation has on decisions for both individuals and entities. Thoroughly updated for the coming tax year, this textbook covers fundamental areas of taxation and its environment including business and property concepts, property dispositions, business and wealth taxation, and income, expenses, and individual taxes. A wealth of instructor resources includes two solutions manuals—one of which provides solutions to the Research and Tax Return problems—an extensive test bank, and PowerPoint slides. Engaging, highly-readable text enables instructors to assign students out-of-class readings and spend classroom time on more complex topics.
