Strategic management of companies and organisational entities is not merely about the long-term – it is also about having a holistic and end-to-end perspective. The practice of strategic management goes beyond conceptual and analytical development of strategies and execution thereof. It has deep behavioural and philosophical undertones as well. This book, *Strategic Management: Practice and Philosophy for India Inc*, brings together multiple concepts of competitive strategy and strategic leadership of companies and organisational entities into one volume. It reflects the author's rich and diversified experience covering the last forty-six years of operational and strategic leadership roles in Indian and multi-national companies across multiple industries. The book will be useful for executives, managers and leaders as well as management students. The book will provide several additional insights and constructs for academicians engaged in management teaching and research.

A Globe and Mail bestseller! • “Dr. Phil,” Canada’s best-known automotive expert, and George Iny walk you through another year of car buying. After almost fifty years and two million copies sold, Phil Edmonston has a co-pilot for the *Lemon-Aid Guide* — George Iny, along with the editors of the Automobile Protection Association. You’ll find tips on the “art of complaining” to resolve your vehicular woes and strategies to ensure you don’t get squeezed in the dealer’s business office after you’ve agreed on a price and let your guard down. And to make sure you receive compensation where it’s due, *Lemon-Aid*’s unique secret warranties round-up covers manufacturer extended warranties for performance defects. *Lemon-Aid* is an essential guide for careful buyers and long-time gearheads (who may not know as much as they think).

It serves as a complement to the *System of National Accounts 1993*, which has only a limited discussion of quarterly accounts, and will also prove useful as a tool for sophisticated users of quarterly national accounts.
