Photographic sequences, accompanied by detailed text, along with a troubleshooting guide, offer solutions to every repair and maintenance task—from roadside repairs to complete overhauls—for every sort of bicycle

An updated edition of the best-selling Richard's Bicycle Book offers expert advice on buying, repairing, and riding a bicycle, with up-to-date information on different types of bicycles, bicycle models, equipment, and accessories and detailed lessons on how to ride a bicycle. Original.

A guide to maintaining a bicycle in good operating condition including step-by-step tune-up instructions, a before-every-ride safety checklist, preparing an emergency kit, and making simple roadside repairs.

Introduces significant changes, including sections on hub gears and the various types of bottom bracket/chainset combinations available. This book aims to give riders the confidence and knowledge required to tackle regular maintenance, repairs and overhauls.

This is the complete reference guide to bike servicing and repair, and an essential bible for every cyclist's bookshelf. Incredible CGI illustrations show you every aspect of bike repair and maintenance more clearly than ever before, whether you're a mountain biker, cycling commuter, or road racer. All major types of bicycle from the leading brands are covered - including road, racing, hybrid, mountain, and utility bikes - with detailed, practical advice to take you from symptom to solution. The Complete Bike Owner's Manual takes away the need for expensive expert advice, showing you how to service and maintain every aspect of your bicycle. Learn how to replace or repair a chain, correct sagging suspension, fit brake cables, adjust electronic shifters, and much more, with incredible up-close detail helping you to get your wheels turning again.

The definitive visual reference guide for all cycling enthusiasts. The Ultimate Bicycle Book combines fascinating photographs of the most popular bicycles of today -- and tomorrow -- with invaluable step-by-step information on bicycle maintenance. Essential handbook Written by the world's best selling bicycle authors Richard Ballantine and Richard Grant, the Ultimate Bicycle Book shows you how to get the best from your bike and your body. They give tips on training for competition, advise you on what to wear, whether you're riding on or off the road, and guide you through the vast range of accessories available. Practical Maintenance The Ultimate Bicycle Book is packed with professional tips on repairing, cleaning, and fine-tuning your bicycle. Annotated photographs and detailed text explain the function of every moving part, from the headset-bearing arrangements common to all bicycles to hydraulic brakes.
