The first translation of painter and writer Józef Czapski's inspiring lectures on Proust, first delivered in a prison camp in the Soviet Union during World War II. During the Second World War, as a prisoner of war in a Soviet camp, and with nothing but memory to go on, the Polish artist and soldier Józef Czapski brought Marcel Proust's *In Search of Lost Time* to life for an audience of prison inmates. In a series of lectures, Czapski described the arc and import of Proust's masterpiece, sketched major and minor characters in striking detail, and movingly evoked the work's originality, depth, and beauty. Eric Karpeles has translated this brilliant and altogether unparalleled feat of the critical imagination

into English for the first time, and in a thoughtful introduction he brings out how, in reckoning with Proust's great meditation on memory, Czapski helped his fellow officers to remember that there was a world apart from the world of the camp. Proust had staked the art of the novelist against the losses of a lifetime and the imminence of death. Recalling that triumphant wager, unfolding, like Sheherazade, the intricacies of Proust's world night after night, Czapski showed to men at the end of their tether that the past remained present and there was a future in which to hope.

Presents a study of the final days of the seminal author and discusses his upbringing, themes in his works, his rise as a famous writer, and the final months before his death.

"Marcel Proust's Search for Lost Time is an accessible, irreverent guide to one of the most admired novels in literature."--Back cover.

The third volume of one of the greatest novels of the twentieth century Mark Treharne's acclaimed new translation of *The Guermantes Way* will introduce a new generation of American readers to the literary richness of Marcel Proust. The third volume in Penguin Classics' superb new edition of *In Search of Lost Time*—the first completely new translation of Proust's masterpiece since the 1920s—brings us a more comic and lucid prose than English readers have previously been able to enjoy. After the relative intimacy of the first two volumes of *In Search of Lost Time*, *The Guermantes Way* opens up a vast, dazzling landscape of fashionable Parisian life in the late nineteenth century, as the

narrator enters the brilliant, shallow world of the literary and aristocratic salons. Both a salute to and a devastating satire of a time, place, and culture, *The Guermantes Way* defines the great tradition of novels that follow the initiation of a young man into the ways of the world.

This volume gathers together all of Marcel Proust's short fiction and six tales never before translated into English.

A young reader introduces a boy to the many imaginative worlds that books bring to life.

you love will break your heart in two. So says the soothsayer, when predicting young Celia's future. Raised in the tropics of Tobago by an aunt she loves and an uncle she fears, Celia has never felt that she belonged. When her uncle—a man the neighbors call Allah because he thinks himself mightier than God—does something unforgivable, Celia escapes to the bustling capital city. There she quickly embraces her burgeoning independence, but her search for a place to call home is soon complicated by an affectionate friendship with William, a thoughtful gardener, and a strong sexual tension with her employer. All too quickly, Celia finds herself fulfilling the soothsayer's predictions and living a life of tangled desperation—trapped between the man who offers her passion and the one who offers his heart.

'Startlingly audacious.' Literary Review New writing from the literary master Throughout Proust's life, nine of his short stories remained unseen – the writer never even spoke of them. Perhaps he was not ready to share the early themes he was nurturing for his masterpiece, *In Search of Lost Time*. Or perhaps, in dealing directly with gay desire, they were too audacious – too near to life – for the censorious society of the time. In these stories, published in English for the first time, we find an intimate portrait of a young author full of darkness, complexity and melancholy, longing to reveal himself to the world.
