The most pivotal and yet least understood event of Frank Lloyd Wright's celebrated life involves the brutal murders in 1914 of seven adults and children dear to the architect and the destruction by fire of Taliesin, his landmark residence, near Spring Green, Wisconsin. Unaccountably, the details of that shocking crime have been largely ignored by Wright's legion of biographers—a historical and cultural gap that is finally addressed in William Drennan's exhaustively researched Death in a Prairie House: Frank Lloyd Wright and the Taliesin Murders. In response to the scandal generated by his open affair with the proto-feminist and free love advocate Mamah Borthwick Cheney, Wright had begun to build Taliesin as a refuge and "love cottage" for himself and his mistress (both married at the time to others). Conceived as the apotheosis of Wright's prairie house style, the original Taliesin would stand in all its isolated glory for only a few months before the bloody slayings that rocked the naton and reduced the structure itself to a smoking hull. Supplying both a gripping mystery story and an authoritative portrait of the artist as a young man, Drennan wades through the myths surrounding Wright and the massacre, casting fresh light on the formulation of Wright's architectural ideology and the cataclysmic effects that the Taliesin murders exerted on the fabled architect and on his subsequent designs. A mystery story and authoritative portrait of the artist as a young man looks at the myths surrounding architect Frank Lloyd Wright, the brutal 1914 murders of seven adults and children, and the destruction by fire of Taliesin, his landmark residence in Wisconsin.

I have been standing on the side of life, watching it float by. I want to swim in the river. I want to feel the current. So writes Mamah Borthwick Cheney in her diary as she struggles to justify her clandestine love affair with Frank Lloyd Wright. Four years earlier, in 1903, Mamah and her husband, Edwin, had commissioned the renowned architect to design a new home for them. During the construction of the house, a powerful attraction developed between Mamah and Frank, and in time the lovers, each married with children, embarked on a course that would shock Chicago society and forever change their lives. In this ambitious debut novel, fact and fiction blend together brilliantly. While scholars have largely relegated Mamah to a footnote in the life of America's greatest architect, author Nancy Horan gives full weight to their dramatic love story and illuminates Cheney's profound influence on Wright. Drawing on years of research, Horan weaves little-known facts into a compelling narrative, vividly portraying the conflicts and struggles of a woman forced to choose between the roles of mother, wife, lover, and intellectual. Horan's Mamah is a woman seeking to find her own place, her own creative calling in the world. Mamah's is an unforgettable journey marked by choices that reshape her notions of love and responsibility, leading inexorably ultimately lead to this novel's stunning conclusion. Elegantly written and remarkably rich in detail, Loving Frank is a fitting tribute to a courageous woman, a national icon, and their timeless love story. BONUS: This edition includes an excerpt from Nancy Horan's Under the Wide and Starry Sky. Advance praise for Loving Frank: "Loving Frank is one of those novels that takes over your life. It's mesmerizing and fascinating—filled with complex characters, deep passions, tactile descriptions of astonishing architecture, and the colorful immediacy of daily life a hundred years ago—all gathered into a story that unfolds with riveting urgency." —Lauren Belfer, author of City of Light "This graceful, assured first novel tells the remarkable story of the long-lived affair between Frank Lloyd Wright, a passionate and impossible figure, and Mamah Cheney, a married woman whom Wright beguiled and led beyond the restraint of convention. It is engrossing, provocative reading." —Scott Turow "It takes great courage to write a novel about historical people, and in particular to give voice to someone as mythic as Frank Lloyd Wright. This beautifully written novel about Mamah Cheney and Frank Lloyd Wright's love affair is vivid and intelligent, unsentimental and compassionate." —Jane Hamilton "I admire this novel, adore this novel, for so many reasons: The intelligence and lyricism of the prose. The attention to period detail. The epic proportions of this most fascinating love story. Mamah Cheney has been in my head and heart and soul since reading this book; I doubt she' ll ever leave." —Elizabeth Berg

Frank Lloyd Wright has long been known as a rank egotist who held in contempt almost everything aside from his own genius. Harder to detect, but no less real, is a Wright who fully understood, and suffered from, the choices he made. This is the Wright whom Paul Hendrickson reveals in this masterful biography: the Wright who was haunted by his father, about whom he told the greatest lie of his life. And this, we see, is the Wright of many other neglected aspects of his story: his close, and perhaps romantic, relationship with friend and early mentor Cecil Corwin; the eerie, unmistakable role of fires in his life; the connection between the 1921 Black Wall Street massacre in Tulsa, Oklahoma, and the murder of his mistress; her two children, and four others at his beloved Wisconsin home. In showing us Wright's facades along with their cracks, Hendrickson helps us form a fresh, deep, and more human understanding of the man. With prodigious research, unique vision, and his ability to make sense of a life in ways at once unexpected, poetic, and undeniably brilliant, he has given us the defining book on Wright.

Frank Lloyd Wright (1867–1959) is often described as the greatest of American architects. His works—among them Taliesin North, Taliesin West, Fallingwater, the Johnson Wax buildings, the Guggenheim Museum—earned him a good measure of his fame, but his flamboyant personal life earned him the rest. Here Brendan Gill, a personal friend of Wright and his family, gives us not only the fullest, fairest, and most entertaining account of Wright to date, but also strips away the many masks the architect tirelessly constructed to fascinate his admirers and mislead his detractors. Enriched by hitherto unpublished letters and 300 photographs and drawings, this definitive biography makes Wright, in all his creativity, crankiness, and zest, fairly leap from its pages.

Fallingwater Rising is a biography not of a person but of the most famous house of the twentieth century. Scholars and the public have long extolled the house that Frank Lloyd Wright perched over a Pennsylvania waterfall in 1937, but the full story has never been told. When he got the commission to design the house, Wright was nearing seventy, his youth and his early fame long gone. It was the Depression, and Wright had no work in sight. Into his orbit stepped Edgar J. Kaufmann, a Pittsburgh department-store mogul—"the smartest retailer in America"—and a philanthropist with the burning ambition to build a world-famous work of architecture. It was an unlikely collaboration: the Jewish merchant who had little concern for modern architecture and the brilliant modernist who was leery of Jews. But the two men collaborated to produce an extraordinary building of lasting architectural significance that brought international fame to them both and confirmed Wright's position as the greatest architect of the twentieth century. Fallingwater Rising is also an enthralling family drama, involving Kaufmann, his beautiful cousin/wife, Liliane, and their son, Edgar Jr., whose own role in the creation of Fallingwater and its ongoing reputation is central to the story. Involving such key figures of the 1930s as Frida Kahlo, Albert Einstein, Henry R. Luce, William Randolph Hearst, Ayn Rand, and Franklin Roosevelt, Fallingwater Rising shows us how E. J. Kaufmann's house became not just Wright's masterpiece but a fundamental icon of American life. One of the pleasures of the book is its rich evocation of the upper-crust society of Pittsburgh—Carnegie, Frick, the Mellons—a society that was socially reactionary but luxury-loving and baronial in its tastes, hobbies, and sexual attitudes (Kaufmann had so many mistresses that his store issued them distinctive charge plates they could use without paying). Franklin Toker has been studying Fallingwater for eighteen years. No one but he could have given us this compelling saga of the most famous private house in the world and the dramatic, personal story of the fascinating people who made and used it. A major contribution to both architectural and social history.

Dennis McAuliffe Jr., a journalist, grew up believing that his Osage Indian grandmother, Sybil Bolton, had died an early death in 1925 from kidney disease. But sixty-six years later, he learns by chance that the cause was a gunshot wound. Investigating the circumstances, he soon finds himself peeling away the layers of a suppressed nightmare chapter of American history: the unspeakable brutality of the "Osage Reign of Terror." He learns that Sybil was the victim not of random violence but of a systematic killing spree in the 1920s, carried out by white residents of Oklahoma against the oil-rich Osage Nation. White men descended upon the reservation, courting, marrying—and murdering—Osage women to gain control over their money. McAuliffe is forced to suspect that his own grandfather engineered Sybil's murder. The book uncovers the full extent of the crimes committed against the Osages: how white lawyers appointed by Congress to protect the Osages systematically swindled the tribe; how a ring of prominent and envious whites poisoned or shot possibly hundreds of Osages to seize their oil wealth—and then pappered over the Reign of Terror with doctored death certificates; and how solving the mystery of his grandmother's death led McAuliffe to confront the mysteries of his own life. Part murder mystery, part family memoir, part spiritual journey, The Deaths of Sybil Bolton reintroduces us to a people whose story has been literally torn from the volumes of our nation's history.
