home the family ' s first computer, she escapes into a thrilling new world where she meetings Samir, a like-minded new online friend who has just agreed to run away from home with her. After moving to a new town and leaving all of his friends behind, Richard receives a mysterious note in his locker with instructions on how to connect to "Evol BBS," a dial-in bulletin board system, and meets a fierce punk named Tina who comes into his life and shakes his entire worldview loose. Unlikely alliances, first love, and minor crime sprees abound in this teen graphic novel debut about making connections while your world is falling apart. "Perfectly captures the mystery and wonder of the early days of the internet." —Andy Baio, author of *Waxy.org* and co-founder of XOXO "A rush of love for brave beginnings—of both the early internet and the teens who used it to find themselves and each other." —Eleanor Davis, author of *The Hard Tomorrow* and *How to Be Happy* "A compelling story complimented by pleasingly minimal art that skillfully evokes a sense of loneliness and isolation." —Savanna Ganucheau, co-creator of Bloom "A sharp and authentic wild ride that brought me back to my teenage years as a punk with a dial-up connection." —Kevin Panetta, co-creator of Bloom "A poignant and often hilarious reminder that technology is at its best when it ' s easing the ache of loneliness and bringing people together." —Jeff Zentner, Morris Award-winning author of *The Serpent King*

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes

Comics have gone from "scourge of the classroom" to legitimate teaching tools, and the Common Core State Standards for scholastic achievement now explicitly recommend their use in the classroom. Reading With Pictures: Comics That Make Kids Smarter unites the finest creative talents in the comics industry with the nation's leading experts in visual literacy to create a game-changing tool for the classroom and beyond. This full-color volume features more than a dozen short stories (both fiction and nonfiction) that address topics in Social Studies, Math, Language Arts, and Science, while offering an immersive textual and visual experience that kids will enjoy. Highlights include George Washington: Action President by Fred Van Lente and Ryan Dunlavey, Doctor Sputnik: Man of Science by Roger Langridge, The Power of Print by Katie Cook, and many more. Includes a foreword by Printz and Eisner Award-winning author Gene Luen Yang (American Born Chinese, Boxers and Saints). A downloadable Teachers' Guide includes standards-correlated lesson plans customized to each story, research-based justifications for using comics in the classroom, a guide to establishing best classroom practices, and a comprehensive listing of educational resources.

classical epic to tell a sometimes snarky, sometimes uproarious, and very poignant modern tale. Meet Hank Allensworth and Wilson Evans in a modern reflection of the Epic of Gilgamesh. An epic bromance between a Marine and his corpsman running around Oceanside, California . Degenerate Lance Corporals who have recently returned from Afghanistan, spending most of their time drunk at The Purple Church. One night while they're out drinking they are called back to base and the battalion is put on stand by because during the conflict with ISIS, the Islamic Republic of Iran decided to end the proxy war and get involved themselves. Soon after, Hank and Doc go with the regiment to keep the Iranians from crossing the Euphrates. The war kicks off and the Marines push across Iraq and into Iran. Hank and Doc both are wounded and sent home. The rest of the story they deal with survivor's guilt, alcoholism, PTSD, covering up for a murder, and trying to manage deteriorating love lives. I don't know if I could say there's any deeper meaning than gratuitous sex and violence, but I can guarantee you that if you've spent more than three days in an infantry battalion you will love this book.

First published in 1936, One Thousand Ways to Make \$1000 is the long out-of-print book that Warren Buffett's biographers credit with shaping the legendary investor's business acumen and giving him his trademark appreciation of compound interest. After pulling a copy of One Thousand Ways off a library shelf at age eleven and devouring F.C. Minaker's plucky and practical business advice, Buffett declared that he would be a millionaire by the time he was 35. Written in the immediate, conversational style of Dale Carnegie's How to Win Friends and Influence People, this book is full of inventive ideas on how to make money through excellent salesmanship, hard work, and

resourcefulness. While some of the ideas may seem quaint today—goat dairying, manufacturing motor-driven chairs, and renting out billiard tables to local establishments are among the money-making ideas presented—the underlying fundamentals of business explained in these pages remain as solid as they were over seventy years ago. Covering a wide spectrum of topics including investing, marketing, merchandising, sales, customer relations, and raising money for charity, *One Thousand Ways to Make \$1000* is both a durable, classic business book and a fascinating portrait of determined entrepreneurship in Depression-era America. Every effort has been made to reproduce the content exactly as it was originally presented.

“ A thrilling tale of found family discovered between lines of code. ” —Sara Alfageeh, co-creator of Squire WELCOME TO EVOL HOUSE... It may look to the unwitting outsider like a broken-down ranch house in the Ohio suburbs—but to those in the know, Evol House is the unexpected sanctuary of truant teens, punk rockers, nerds, and outcasts. At least, that ’ s what it ’ s supposed to be. Lately, it feels like everything ’ s falling apart. In this thrilling sequel to graphic novel *Incredible Doom: Volume 1*, Samir finds that life as a teenage runaway isn ’ t all he thought it would be; Allison spirals trying to impress her new “ friends ”, Tina considers leaving town to follow a passionate new connection; and Richard faces down a volatile classmate with a score to settle. Can these friendships, forged on the internet—the most controversial tool of the modern era—survive the “ real world ” ... or will they drop like a bad connection? Praise for *Incredible Doom 1*: “ Perfectly captures the mystery and wonder of the early days of the internet. ”

Charles Angelo Siringo (February 7, 1855-October 18, 1928), was an American lawman, detective, and agent for the Pinkerton National Detective Agency during the late 19th century and early 20th century. Siringo was born in Matagorda County, Texas to an Irish immigrant mother and an Italian immigrant father from Piedmont. He attended public school until reaching the age of 15, when he started working on local ranches as a cowboy. After taking part in several cattle drives, Siringo stopped herding to settle down, get married (1884), and open a merchant business in Caldwell, Kansas. He began writing a book, entitled A Texas Cowboy; Or Fifteen Years on the Hurricane Deck of a Spanish Pony. A year later, it was published, to wide acclaim, and became one of the first true looks into life as a cowboy written by someone who had actually lived the life. In 1886,

bored with the mundane life of a merchant, Siringo moved to Chicago and joined the Pinkerton Detective Agency. He used gunman Pat Garrett's name as a reference to get the job, having met Garrett several years before. He was immediately assigned several cases, which took him as far north as Alaska, and as far south as Mexico City. He began operating undercover, a relatively new technique at the time, and infiltrated gangs of robbers and rustlers, making over one hundred arrests. Siringo retired in 1907, and began writing another book, entitled Pinkerton's Cowboy Detective. The Pinkerton Detective Agency held up publication for two years, feeling it violated their confidentiality agreement that Siringo had signed when he was hired and objecting to the use of their name. Siringo gave in, and deleted their name from the book title, instead writing two separate books, entitled A Cowboy Detective and Further Adventures of a Cowboy Detective.
