About Hector and the Secrets of Love. The irresistible second installment in the beloved series that has sold millions of copies worldwide. Since his first captivating adventure in Hector and the Search for Happiness, Hector the young French psychiatrist has continued to explore the mysteries of the human soul. Having found that love seems virtually inseparable from happiness, he begins taking notes on this powerful emotion.

**Hector and the Secrets of Love by François Lelord ...**  
Hector travels to Asia to look for his friend, the professor who has disappeared with samples of a drug for falling in love, or for staying in love when we want to. But, before he sets off his girlfriend Clara tells him that they should stop seeing each other for a while so he has to question his own feelings for her and tries to discover the secrets of love along the way.

**Hector and the Secrets of Love (Hector's Journeys): Lelord ...**  
Hector knows Cormoran, and he is persuaded by Gunther, the company's president, to find the missing scientist. That Hector will be half-a-world away will also ease the tension in Gunther and Clara's secret love affair. The search begins in Cambodia where Hector learns Cormorant wants to contact him, and convince him of the pill's effectiveness.

Secrets of the Magic City is an American comedy drama film written and directed by R. Malcolm Jones.The film stars Jenifer Lewis, Jamie Hector, Keith David, and Erika Alexander.Many scenes from the motion picture had been filmed in earlier years (such as the scene which included boy band, Mindless Behavior), but wasn't released until June 26, 2015, by New Revolution Studios.

**Secrets of the Magic City - Wikipedia**  
Hector was a ship famous for having been part of the first significant migration of Scottish settlers to Nova Scotia in 1773. The replica of the original ship is located at the Hector Heritage Quay, a heritage centre run by local volunteers, in Pictou, Nova Scotia. History. Hector at Heritage Quay, 2012 ...

The irresistible second installment in the beloved series that has sold millions of copies worldwide. Since his first captivating adventure in Hector and the Search for Happiness, Hector the young French psychiatrist has continued to explore the mysteries of the human soul. Having found that love seems virtually inseparable from happiness, he begins taking notes on this powerful emotion. But unbeknownst to him, Clara, the doctor's beloved, is making her own investigations into love. As much a love story as a novel about love, Hector and the Secrets of Love is a feel-good life manual wrapped in a globetrotting adventure, told with the blend of a fairy tale's naïve wisdom and a satirist's dry wit that has won Hector fans around the world.

Now a major motion picture starring Simon Pegg, Rosamund Pike, Toni Collette, and Christopher Plummer The international bestseller with more than two million copies sold “Once upon a time there was a young psychiatrist called Hector who was not very satisfied with himself. . . . And so he decided to take a trip around the world, and everywhere he went he would try to understand what made people happy or unhappy.” Hector travels from Paris to China to Africa to the United States, and along the way he keeps a list of observations about the people he meets. Combining the winsome appeal of The Little Prince with the inspiring philosophy of The Alchemist, Hector’s journey around the world and into the human soul is entertaining, empowering, and smile-inducing—as winning in its optimism as it is wise in its simplicity.

The delightful third book in the multimillion-copy internationally bestselling series Being up against the clock was a real problem for so many people, thought Hector. What could he possibly do to help them? First he tackled happiness. Then he took on love. And now Hector, our endearing young French psychiatrist, confronts the persistent march of time. His patients lament that there is not enough time in the day. Or they feel that life is passing them by. And in one case, a young boy turns the problem on its head: He’s impatient to grow up! Hector himself is increasingly aware of time: He doesn’t feel quite so young anymore, and the clock is ticking on his relationship with his beloved Clara. So as time flies, so does our wise and winsome hero in his latest adventure, traveling around the world to understand the past, the future, and how best to enjoy the present.

Los Angeles Times bestseller • More than 1.5 million copies sold “If hygge is the art of doing nothing, ikigai is the art of doing something—and doing it with supreme focus and joy.” —New York Post Bring meaning and joy to all your days with this internationally bestselling guide to the Japanese concept of ikigai (pronounced ee-ky-guy)—the happiness of always being busy—as revealed by the daily habits of the world’s longest-living people. \*And from the same authors, don’t miss The Book of Ichigo Ichie—about making the most of every moment in your life.\* \* \* \* What’s your ikigai? “Only staying active will make you want to live a hundred years.” —Japanese proverb According to the Japanese, everyone has an ikigai—a reason for living. And according to the residents of the Japanese village with the world’s longest-living people, finding it is the key to a happier and longer life. Having a strong sense of ikigai—the place where passion, mission, vocation, and profession intersect—means that each day is infused with meaning. It’s the reason we get up in the morning. It’s also the reason many Japanese never really retire (in fact there’s no word in Japanese that means retire in the sense it does in English): They remain active and work at what they enjoy, because they’ve found a real purpose in life—the happiness of always being busy. In researching this book, the authors interviewed the residents of the Japanese village with the highest percentage of 100-year-olds—one of the world’s Blue Zones. Ikigai reveals the secrets to their longevity and happiness: how they eat, how they move, how they work, how they foster collaboration and community, and—their best-kept secret—how they find the ikigai that brings satisfaction to their lives. And it provides practical tools to help you discover your own ikigai. Because who doesn’t want to find happiness in every day? **A PENGUIN LIFE TITLE**

Hector sets off on another journey, this time to uncover nuggets of universal wisdom on time.

Louie and Hector are best friends -- but when some funny secrets get revealed, their friendship is put to the test.

Find happiness by living fully in the present with this definitive guide to ichigo ichie—the Japanese art of making the most of every moment—from the bestselling authors of Ikigai. Every moment in our life happens only once, and if we let it slip away, we lose it forever—an idea captured by the Japanese phrase ichigo ichie (pronounced ichy-GO ichy-A). Often spoken in Japan when greeting someone or saying goodbye, to convey that the encounter is unique and special, it is a tenet of Zen Buddhism and is attributed to a sixteenth-century master of the Japanese tea ceremony, or “ceremony of attention,” whose intricate rituals compel us to focus on the present moment. From this age-old concept comes a new kind of mindfulness. In The Book of Ichigo Ichie, you will learn to... • appreciate the beauty of the fleeting, the way the Japanese celebrate the cherry blossoms for two weeks every April, knowing they’ll have to wait a whole year to see them again; • use all five senses to anchor yourself in the present, helping you to let go of fear, sadness, anger, and other negative emotions fueled by fixating on the past or the future; • be alert to the magic of coincidences, which help us find meaning among the disconnected events of our lives; • use ichigo ichie to help you discover your ikigai, or life’s purpose—because it’s only by learning to be present, to be tuned into what catches your attention and excites you in the moment, that you can identify what it is that most motivates you and brings you happiness. Every one of us contains a key that can open the door to attention, harmony with others, and love of life. And that key is ichigo ichie. **A PENGUIN LIFE TITLE**

A boy who lives by the sea wishes to follow in his father's footsteps, become a diver and learn the secrets of the sea.

A man's obsession with a silent-film star sends him on a journey into a shadow world of lies, illusions, and unexpected love Six months after losing his wife and two young sons in an airplane crash, Vermont professor David Zimmer spends his waking hours mired in a blur of alcoholic grief and self-pity. Then, watching television one night, he stumbles upon a clip from a lost silent film by comedian Hector Mann. Zimmer's interest is piqued, and he soon finds himself embarking on a journey around the world to research a book on this mysterious figure, who vanished from sight in 1929 and has been presumed dead for sixty years. When the book is published the following year, a letter turns up in Zimmer's mailbox bearing a return address from a small town in New Mexico—supposedly written by Hector's wife. "Hector has read your book and would like to meet you. Are you interested in paying us a visit?" Is the letter a hoax, or is Hector Mann still alive? Torn between doubt and belief, Zimmer hesitates, until one night a strange woman appears on his doorstep and makes the decision for him, changing his life forever. This stunning novel plunges the reader into a universe in which the comic and the tragic, the real and the imagined, the violent and the tender dissolve into one another. With The Book of Illusions, one of America's most powerful and original writers has written his richest, most emotionally charged work yet.
