Some Japanese policymakers now argue that the country must develop a self-reliant defense, to be used if and when U.S. credibility deflates completely. Given Japan's geography, however, the only effective defense would be deterrence, which would breach the ban on offensive capabilities contained in the country's " peace constitution. "

Sheila Smith will discuss her new book, Japan Rearmed: The Politics of Military Power. Japan's postwar constitution renounced the use of offensive military force and the constraints of this pledge still bind Japan's military activities today. As Smith shows, the realities of East Asian geopolitics have the Japanese rethinking that commitment.
