The best way for me to cope with envisioning that thin gray line--you know the one I mean; we all fear crossing it--is to write a novel, and thus was Ruin Falls born. But no children were harmed in the making of this book. I am a writer who can't stand much danger, appearances to the contrary notwithstanding.

Her children, eight-year-old Reid and six-year-old Ally, have met their paternal grandparents only a handful of times. WINNER OF THE MARY HIGGINS CLARK AWARD Jenny Milchman's *Cover of Snow* is a remarkable debut, a gripping tale of suspense in the tradition of Gillian Flynn, Chris Bohjalian, and Nancy Pickard. Waking up one wintry morning in her old farmhouse nestled in the Adirondack Mountains of New York, Nora Hamilton instantly knows that something is wrong. When her fog of sleep clears, she finds her world is suddenly, irretrievably shattered: Her husband, Brendan, has committed suicide. The first few hours following Nora's devastating discovery pass for her in a blur of numbness and disbelief. Then, a disturbing awareness slowly settles in: Brendan left no note and gave no indication that he was contemplating taking his own life. Why would a rock-solid police officer with unwavering affection for his wife, job, and quaint hometown suddenly choose to end it all? Having spent a lifetime avoiding hard truths, Nora must now start facing them. Unraveling her late husband's final days, Nora searches for an explanation—but finds a bewildering resistance from Brendan's best friend and partner, his fellow police officers, and his brittle mother. It quickly becomes clear to Nora that she is asking questions no one wants to answer. For beneath the soft cover of snow lies a powerful conspiracy that will stop at nothing to keep its presence unknown . . . and its darkest secrets hidden. From the acclaimed author of *Ruin Falls* and *Cover of Snow* comes a breathless new novel of psychological suspense about a dark, twisted turn of events that could shatter a family—a read perfect for fans of Gillian Flynn, Chris Bohjalian, and Nancy Pickard. Sandy Tremont has always tried to give her family everything. But, as the sky darkens over the Adirondacks and a heavy snowfall looms, an escaped murderer with the power to take it all away draws close. In her isolated home in the shadowy woods, Sandy prepares dinner after a fight with her daughter, Ivy. Upstairs, the fifteen-year-old—smart, brave, and with every reason to be angry tonight—keeps her distance from her mother.

Sandy's husband, Ben, a wilderness guide, arrives late to find a home simmering with unease. Nearby, two desperate men on the run make their way through the fading light, bloodstained and determined to leave no loose ends or witnesses. After almost twenty years as prison cellmates, they have become a deadly team: Harlan the muscle, Nick the mind and will. As they approach a secluded house and look through its windows to see a cozy domestic scene, Nick knows that here he will find what he's looking for . . . before he disappears forever. Opening the door to the Tremont home, Nick brings not only a legacy of terror but a secret that threatens to drag Sandy with him into the darkness. Praise for *As Night Falls* "Electric . . . Jenny Milchman mixes psychological thrills with adventure . . . to shoot her readers with an extreme jolt of adrenaline. . . . Milchman's talent for building atmosphere will have readers wondering if they're shivering from the story's excitement or northern New York's winter cold." *Shelf Awareness* (starred review) "Great psychological thrillers work on two levels: as action-based mysteries and as emotionally resonant personal stories. Jenny Milchman balances both . . . with equal intensity. . . . You may not be able to finish [*As Night Falls*] in one sitting, but you'll want to." *BookPage* "Gripping . . . a fast-paced tale that should keep readers eagerly turning pages." *Publishers Weekly*

One of *Booklist's* Best Crime Novels of the Year Tess Hardy thought she had put Luke, her violent ex-husband, firmly in her past. Then he calls from Cambodia, where he is working as a mine-clearer, and there's something in his voice she hasn't heard before: Fear. Two weeks later, he's dead. Against her better judgment, Tess is drawn to Cambodia and to the killing fields. Keeping her relationship to Luke a closely guarded secret, Tess joins his team of mine clearers, who are shaken to the core by Luke's sudden death. Even in their grief, the group remains a tightly knit and tightly wound community in which almost everyone has something to hide. At the same time, the circle of death begins to expand. Teenage mothers are disappearing from villages around the minefields, while others are being found mutilated and murdered, their babies abandoned. Everywhere there are whispers about the White Crocodile, a mythical beast that brings death to all who meet it. Caught in a web of secrets and lies, Tess must unravel the truth, and quickly. The crocodile is watching, and Tess may be its next victim. Combining the technical expertise of military suspense with a richly drawn sense of place, *White Crocodile* forges new ground in the thriller genre. Medina's internationally acclaimed debut announces the arrival of a prodigiously talented novelist whom readers will be discussing for years to come.

"*Wicked River* is partly a who-is-my-husband-really story, partly a horror-in-the-wilderness story, and partly a Manhattan-family drama, all rolled up in elegantly propulsive prose, and shot through with sinister suspense." *LEE CHILD*, New York Times bestselling author *Six million acres of Adirondack forest separate Natalie and Doug Larson from civilization. For the newlyweds, an isolated backcountry honeymoon seems ideal—a chance to start their lives together with an adventure. But just as Natalie and Doug begin to explore the dark interiors of their own hearts, as well as the depths of their love for each other, it becomes clear that they are not alone in the woods. Because six million acres makes it easy for the wicked to hide. And even easier for someone to go missing for good. As they struggle with the worst the wilderness has to offer, a man watches them, wielding the forest like a weapon. He wants something from them more terrifying than death. And once they are near his domain, he will do everything in his power to make sure they never walk out again.*

"Deeply atmospheric, breathlessly suspenseful, with a ticking clock like no other—a terrific thriller." *Lee Child* Haunted by dark secrets and an unsolved mystery, a young doctor returns to his isolated Adirondacks hometown in a tense, gripping novel in the vein of Michael Koryta and Harlan Coben. Burying the past only gives it strength—and fury. Nate McHale has assembled the kind of life most people would envy. After a tumultuous youth marked by his inexplicable survival of a devastating tragedy, Nate left his Adirondack hometown of Greystone Lake and never looked back. Fourteen years later, he's become a respected New York City surgeon, devoted husband, and loving father. Then a body is discovered deep in the forests that surround Greystone Lake. This disturbing news finally draws Nate home. While navigating a tense landscape of secrets and suspicion, resentments and guilt, Nate reconnects with estranged friends and old enemies, and encounters strangers who seem to know impossible things about him. Haunting every moment is the Lake's sinister history and the memory of wild, beautiful Lucy Bennett, with whom Nate is forever linked by shattering loss and youthful passion. As a massive hurricane bears down on the Northeast, the air becomes electric, the clouds grow dark, and escalating acts of violence echo events from Nate's own past. Without a doubt, a reckoning is coming—one that will lay bare the lies that lifelong friends have told themselves and unleash a vengeance that may consume them all. Praise for *The Storm King* "Brendan Duffy's second book mingles horror, historical fiction, supernatural suspense and old-fashioned murder mystery, the rare phantasmagoria whose pieces click into a satisfying resolution. . . . This is a gutsy, intricate, evocative piece of mischief, much closer than anyone usually gets to that particular spell cast by Stephen King." *USA Today* "Duffy follows his debut, *House of Echoes*, with a stunning literary thriller, which combines accomplished wordsmithing with startling twists." *Publishers Weekly* (starred review) "An elaborately layered, creepily atmospheric story that blends haunting legends and the psychological terror of a murderer on the hunt. A winning thriller sure to draw readers of Jennifer McMahon, Ruth Ware, and Michael Koryta." *Booklist* (starred review)

Perfect for fans of Jodi Picoult, Carla Buckley's *Invisible* is a stunning novel of redemption, regret, and the complex ties of familial love. Growing up, Dana Carlson and her older sister, Julie, are inseparable—Dana the impulsive one, Julie calmer and more nurturing. But then a devastating secret compels Dana to flee from home, not to see or speak to her sister for sixteen years. When she receives the news that Julie is seriously ill, Dana knows that she must return to their hometown of Black Bear, Minnesota, to try and save her sister. Yet she arrives too late, only to discover that Black Bear has changed, and so have the people in it. Julie has left behind a shattered teenage daughter, Peyton, and a mystery—what killed Julie may be killing others, too. Why is no one talking about it? Dana struggles to uncover the truth, but no one wants to hear it, including Peyton, who can't forgive her aunt's years-long absence. Dana had left to protect her own secrets, but Black Bear has a secret of its own—one that could tear apart Dana's life, her family, and the whole town. "Beautifully written and unsettling . . . leaves you with a lingering sense of dread long after you close the last page." *Chevy Stevens* Look for special features inside.
