Samsung has again made its mark in the mobile field with the release of the latest Samsung Galaxy phones. The Samsung Galaxy S7 and S7 Edge were launched to the public in February of 2016 and are expected to be released for purchase by early March of the same year. The new models have received rave reviews and Samsung commended for maintaining the high quality and impressive features usually associated with the brand. Though the devices bear different names, the features they offer users are similar in nature. The S7 boasts a 5.1-inch screen with resolution of 2,560 by 1,440 pixels, a twelve-megapixel camera, IP68 water resistant rating, built-in storage capacity of up to 64GB and microSD card slot. The S7 Edge has a 3600mAh battery, the largest battery in the S line of phones, 5.5-inch screen with dual edge technology and a 12megapixel rear camera.

The Samsung S6 is one of the latest smart phones that has been released from Samsung Electronics. These phones are very helpful to persons who are older as it makes many tasks virtually effortless. As the successor to the S5 which was a major hit with seniors, the S6 has enhanced and improved many of the beloved features. The S6 has been updated with new ideas and an improved design which is very attractive. The body of the phone has been redesigned to be more durable and handle the needs of a senior citizen. The user can use these devices to remind them of important events and also help them to be more tech savvy and remain up to date with all their interests. This guide will show the user how to navigate the different areas of the phone to use it to the best of their ability in an easy step by step guide. Pre-Release Views The Samsung S6 received positive commentary after it was unveiled as persons observed the quality design over the previous versions. There were also improvements in the camera and tweaks in the software to make it more user friendly and less " bloated ". The S6 also includes a fingerprint reader that can be compared to the Apple ' s Touch ID system which made an impact in the mobile market. Many persons feel that the Samsung S6 and S6 Edge has finally satisfied a complete Smart Phone device that has all the necessary features. There were some concerns about the regression in some features however it was made clear why this had to be done. In regards to the S6 Edge, the curved display was seen as a vast improvement over the Galaxy Note Edge.
