I need a complete game manual that describes the features of the game, such as defining what the Great Works location is and why should I care about it. Clicking game manual in the game doesn't open up lessons like in the Sims (sims 4), instead it takes you to a page that lists all of the SimCity games, which is pretty worthless.

SimCity is the fifth installment within the SimCity series. The game had a rough start and some bad PR, following a particularly bad year for EA. But, they moved through the rough and the servers are running smoothly now. There are still many bugs, and criticism, but that doesn't discourage many buyers.
