and older adults. Abnormal findings tables include over 300 pathology photos to help in recognizing, sorting, and describing abnormalities. Promoting a Healthy Lifestyle boxes enable patient teaching and health promotion while performing the health assessment. An emphasis on cultural competencies reflects today's care considerations for an increasingly diverse patient population. Documentation examples show how to record assessment findings in the patient's chart, using the SOAP format. Summary checklists provide a quick review of examination steps. Spanish-language translations on the inside back cover highlight important phrases for better communication during the physical examination. A companion Evolve website helps you review key content offering case studies with critical thinking questions, printable health promotion handouts, a head-to-toe examination video, heart and lung sounds, audio chapter summaries, and more. NEW evidence-based guidelines reflect a focus on conducting the most effective, qualitative exams. NEW Substance Use Assessment chapter addresses this increasingly critical aspect of holistic patient assessments. 100 new photos of step-by-step examination techniques include all-new exam panoramas for key systems. 100 new abnormal findings photos provide instant visual cues for findings that are unexpected or that require referral for follow-up care. Expanded chapter on assessment of the hospitalized adult provides a focused assessment of the patient in the hospital setting. New content on obesity provides current information on this growing health problem.

Written by renowned wound care experts Sharon Baranoski and Elizabeth Ayello, in collaboration with an interdisciplinary team of experts, this handbook covers all aspects of wound assessment, treatment, and care.

Publisher's Note: Products purchased from 3rd Party sellers are not guaranteed by the Publisher for quality, authenticity, or access to any online entitlements included with the product.
