Two unconventional women--Meri Fowler, pregnant, newly married, and discovering the gap between reality and expectation, and Delia Naughton, wife of a notoriously unfaithful liberal senator--confront the costs and challenges of love.

Meri is newly married, pregnant, and standing on the cusp of her life as a wife and mother, recognizing with some terror the gap between reality and expectation. Delia's wife of the two-term liberal senator Tom Naughton is Meri's new neighbor in the adjacent New England town house. Tom's chronic infidelity has been an open secret in Washington circles, but despite the complexity of their relationship, the bond between them remains strong. Soon Delia and Meri find themselves leading strangely parallel lives, as they both reckon with the contours and mysteries of marriage: one refined and abraded by years of complicated intimacy, the other barely begun. With precision and a rich vitality, Sue Miller's beloved and bestselling author of *While I Was Gone* brings us a highly charged, superlative novel about marriage and forgiveness.

Years after a friend was brutally murdered, Jo Becker is now married with a grown family, but when an old housemate moves nearby, Jo rekindles a relationship that takes her back to the past and threatens her future.

LONGLISTED FOR THE 2021 NATIONAL BOOK AWARD IN FICTION NATIONAL BESTSELLER ONE OF BARACK OBAMA'S FAVORITE SUMMER READS "One of the best novels I've read in 2021." Dwight Garner, *The New York Times* "A perfect novel" taut and seductive." Brandon Taylor, author of *Real Life* and *Filthy Animals* "Intimacies is a haunting, precise, and morally astute novel that reads like a psychological thriller." Katie Kitamura is a wonder." Dana Spiotta, author of *Wayward* and *Eat the Document* A novel from the author of *A Separation*, an electrifying story about a woman caught between many truths. An interpreter has come to The Hague to escape New York and work at the International Court. A woman of many languages and identities, she is looking for a place to finally call home. She's drawn into simmering personal dramas: her lover, Adriaan, is separated from his wife but still entangled in his marriage. Her friend Jana witnesses a seemingly random act of violence, a crime the interpreter becomes increasingly obsessed with as she befriends the victim's sister. And she's pulled into an explosive political controversy when she's asked to interpret for a former president accused of war crimes. A woman of quiet passion, she confronts power, love, and violence, both in her personal intimacies and in her work at the Court. She is soon pushed to the precipice, where betrayal and heartbreak threaten to overwhelm her, forcing her to decide what she wants from her life.

A land ravaged by war without end. Cities gutted by weapons of mass destruction. Countries laid waste by biological warfare. Governments ruined by greed, violence, and corruption. This is a world in the throes of economic decay and at the mercy of terrorists. This is Asia. This is Europe. This is America. This is *Final Blackout*. Across this devastated, post-apocalyptic landscape marches one extraordinary soldier and his band of brothers. He is the Lieutenant, a hardened military strategist and a charismatic leader of men. The narrow-minded high command may have relieved the Lieutenant of duty, but not of his honor—and his crack unit of warriors remains fiercely loyal to him. Now, in a time of deception, desperation, and betrayal, they are headed into the ultimate battle against the ultimate enemy—their own treacherous leaders. But for the Lieutenant, a hero at the crossroads of history, it is time to do what is best for his country and for his men—to undertake one last act of courage and sacrifice ... the *Final Blackout*. "As perfect a piece of science fiction as has ever been written." Robert A. Heinlein "Compelling ... riveting ... Hubbard's best." *Publishers Weekly*

In the fall of 1988, Sue Miller found herself caring for her father as he slipped into the grasp of Alzheimer's disease. She was, she claims, perhaps the least constitutionally suited of all her siblings to be in the role in which she suddenly found herself, and in *The Story of My Father* she grapples with the haunting memories of those final months and the larger narrative of her father's life. With compassion, self-scrutiny, and an urgency born of her own yearning to rescue her father's memory from the disorder and oblivion that marked his dying and death, Sue Miller takes us on an intensely personal journey that becomes, by virtue of her enormous gifts of observation, perception, and literary precision, a universal story of fathers and daughters. James Nichols was a fourth-generation minister, a retired professor from Princeton Theological Seminary. Sue Miller brings her father brilliantly to life in these pages—his religious faith, his endless patience with his children, his

gaiety and willingness to delight in the ridiculous, his singular gifts as a listener, and the rituals of church life that stayed with him through his final days. She recalls the bitter irony of watching him, a church historian, wrestle with a disease that inexorably lays waste to notions of time, history, and meaning. She recounts her struggle with doctors, her deep ambivalence about many of her own choices, and the difficulty of finding, continually, the humane and moral response to a disease whose special cruelty it is to dissolve particularities and to diminish, in so many ways, the humanity of those it strikes. She reflects, unforgettably, on the variable nature of memory, the paradox of trying to weave a truthful narrative from the threads of a dissolving life. And she offers stunning insight into her own life as both a daughter and a writer, two roles that swell together here in a poignant meditation on the consolations of storytelling. With the care, restraint, and consummate skill that define her beloved and best-selling fiction, Sue Miller now gives us a rigorous, compassionate inventory of two lives, in a memoir destined to offer comfort to all sons and daughters struggling-as we all eventually must-to make peace with their fathers and with themselves.

Double Blind follows three close friends and their circle through a year of extraordinary transformation. Set between London, Cap d'Antibes, Big Sur, and a rewilded corner of Sussex, this thrilling, ambitious novel is about the headlong pursuit of knowledge—for the purposes of pleasure, revelation, money, sanity, or survival—and the consequences of fleeing from what we know about others and ourselves. When Olivia meets a new lover just as she is welcoming her best friend, Lucy, back from New York, her dedicated academic life expands precipitously. Her connection to Francis, a committed naturalist living off the grid, is immediate and startling. Eager to involve Lucy in her joy, Olivia introduces the two—but Lucy has received shocking news of her own that binds the trio unusually close. Over the months that follow, Lucy's boss, Hunter, Olivia's psychoanalyst parents, and a young man named Sebastian are pulled into the friends' orbit, and not one of them will emerge unchanged. Expansive, playful, and compassionate, Edward St. Aubyn's Double Blind investigates themes of inheritance, determinism, freedom, consciousness, and the stories we tell about ourselves. St. Aubyn's major new novel is as compelling about ecology, psychoanalysis, genetics, and neuroscience as it is about love, fear, and courage. Most of all, it is a perfect expression of the interconnections it sets out to examine, and a moving evocation of an imagined world that is deeply intelligent, often tender, curious, and very much alive.

After being diagnosed at nineteen with tuberculosis in 1919, a young woman is sent to a sanitarium, where she rediscovers the pleasures of unfettered youth and falls in love with a doomed man, in a novel that follows the lives of two women of two very different generations. Reprint.

An intimate, beautifully written coming-of-age memoir recounting a young girl's journey from war-torn Vietnam to Ridgewood, Queens, and her struggle to find her voice amid clashing cultural expectations. Ly Tran is just a toddler in 1993 when she and her family immigrate from a small town along the Mekong river in Vietnam to a two-bedroom railroad apartment in Queens. Ly's father, a former lieutenant in the South Vietnamese army, spent nearly a decade as a POW, and their resettlement is made possible through a humanitarian program run by the US government. Soon after they arrive, Ly joins her parents and three older brothers sewing ties and cummerbunds piece-meal on their living room floor to make ends meet. As they navigate this new landscape, Ly finds herself torn between two worlds. She knows she must honor her parents' Buddhist faith and contribute to the family livelihood, working long hours at home and eventually as a manicurist alongside her mother at a nail salon in Brownsville, Brooklyn, that her parents take over. But at school, Ly feels the mounting pressure to blend in. A growing inability to see the blackboard presents new challenges, especially when her father forbids her from getting glasses, calling her diagnosis of poor vision a government conspiracy. His frightening temper and paranoia leave an indelible mark on Ly's sense of self. Who is she outside of everything her family expects of her? Told in a spare, evocative voice that, with flashes of humor, weaves together her family's immigration experience with her own fraught and courageous coming of age, House of Sticks is a timely and powerful portrait of one girl's struggle to reckon with her heritage and forge her own path.

A powerful collection of essays from actors, activists, athletes, politicians, musicians, writers, and teens, each writing about a time in their youth when they were held back because of their race, gender, or sexual identity-- but persisted. Among others: actress Alia Shawkat was told she was too "ethnic" for parts. Former NFL player Wade Davis bullied other gay classmates in an attempt to hide his own sexuality. Holocaust survivor Fanny Starr tells of her harrowing time in Auschwitz, where she watched her family disappear, one by one. They tell how they rose through the hate, overcoming the obstacles of their childhood to the hard-won lives they live today.
