This book constitutes the refereed proceedings of the First International Conference on HCI in Mobility, Transport, and Automotive Systems, MobiTAS 2019, held as part of the 21st International Conference on Human-Computer Interaction, HCII 2019, in Orlando, FL, USA in July, 2019. The 1274 full papers and 209 posters presented at the HCII 2019 conferences were carefully reviewed and selected from 5029 submissions. The papers cover the entire field of human-computer interaction, addressing major advances in knowledge and effective use of computers in a variety of application areas. The papers in this volume are organized in the following topical sections: interaction in autonomous and semiautonomous vehicles; driving experience; and mobility and transport.

You and your partner are looking forward to a romantic break in the rugged landscape of West Cork, on the south west coast of Ireland. Cliff walks, seafood dinners and spectacular views of the Atlantic Ocean. But a storm is brewing. Your car breaks down in the middle of nowhere. There's no phone signal. So you start walking. You search for help. And you find it. At an isolated house, a family gives you shelter… but something is wrong. The husband has a head wound. The son is too terrified to speak. And the wife forbids you from going near her other son's bedroom. This short, sharp novel will keep you up all night.

Lindsey O'Reilly is at home, cleaning up after dinner, when she sees armed police swarming over her garden wall. There's a noise downstairs. A knock on the door. She opens up, but it's not the police. It's the man they're chasing. A stone-cold killer. Now he's inside...

An unmissable collection of fast-paced reads. Three action-packed books in a single volume. The Forbidden Room: You and your partner are looking forward to a romantic break in the rugged landscape of West Cork, on the south west coast of Ireland. Cliff walks, seafood dinners and spectacular views of the Atlantic Ocean. But a storm is brewing. Your car breaks down in the middle of nowhere. There's no phone signal. So you start walking. You search for help. And you find it. At an isolated house, a family gives you shelter… but something is wrong. The husband has a head wound. The son is too terrified to speak. And the wife forbids you from going near her other son's bedroom. The Hostage: Lindsey O'Reilly is at home, cleaning up after dinner, when she sees armed police swarming over her garden wall. There's a noise downstairs. A knock on the door. She opens up, but it's not the police. It's the man they're chasing. A stone-cold killer. Now he's inside... Hit and Run: Jake Whelan ought to be happy. He has a devoted girlfriend and a job at a prestigious law firm, where he expects to make partner. Yet he's crippled by terrifying panic attacks and a suspicion that his life isn't as it should be. When Jake is passed over for promotion, he thinks his day can't get any worse. He's wrong. A terrible accident is about to change his life forever.

This book focuses on automotive user interfaces for in-vehicle usage, looking at car electronics, its software of hidden technologies (e.g., ASP, ESP), comfort functions (e.g., navigation, communication, entertainment) and driver assistance (e.g., distance checking). The increased complexity of automotive user interfaces, driven by the need for using consumer electronic devices in cars as well as autonomous driving, has sparked a plethora of new research within this field of study. Covering a broad spectrum of detailed topics, the authors of this edited volume offer an outstanding overview of the current state of the art; providing deep insights into usability and user experience, interaction techniques and technologies as well as methods, tools and its applications, exploring the increasing importance of Human-Computer-Interaction (HCI) within the automotive industry Automotive User Interfaces is intended as an authoritative and valuable resource for professional practitioners and researchers alike, as well as computer science and engineering students who are interested in automotive interfaces.

Oozing with men, money, and Maseratis, Dubai is the ultimate playground for the woman who knows her Louboutins from her Louis Vuittons. But for some, there's a lot more at stake than a Hermes Birkin. Leila has been in search of a wealthy husband for over a decade. Nadia moves to Dubai to support her husband's career, only to have her sacrifices thrown in her face. Sugar escapes the UK in an attempt to escape her past. Lady Luxe, the rebellious Emirati heiress, scoffs at everything her culture holds sacred. Until the day her double life starts unravelling at the seams. Set against a backdrop of luxury hotels and manmade islands, Desperate in Dubai tells the tale of four desperate women as they struggle to find truth, love, and themselves.

The Oath Newcentury: trilogy 1 Stan Cooper, MI6s British secret agent, arrived at Atocha station shortly after a terrorist organization had carried out a bomb attack that left dozens of dead and wounded scattered all over the place. He was petrified when he discovered that his mother was among the victims. He swore over his mothers dead body that he would find the culprits. It was the only way to cope with the pain. When he discovered the Islamic terrorists, he knew that they were a powerful and sophisticated organization led by scientists who had the power to eliminate him. He knew that he would face a monster that was almost impossible to defeat. He could not expect MI6 to get involved in his personal war. He had to face them alone. He was only accompanied by a friend from MI6. Everything started to go wrong when the terrorist organization found out that Stan Cooper had discovered them. From that moment on, they began a ruthless hunt to kill him. Now he must fight for his life to fulfill the oath he had made over his mothers dead body.

How are the pleasures and thrills of the automobile linked to France's history of conquest, colonialism, and exploitation in Southeast Asia? Cultural and Literary Representations of the Automobile in French Indochina addresses the contradictions of the "progress" of French colonialism and their consequences through the lens of the automobile. Stéphanie Ponsavady examines the development of transportation systems in French Indochina at the turn of the twentieth century, analyzing archival material and French and Vietnamese literature to critically assess French colonialism.
